# CREATING AWESOME WORSHIP EXPERIENCES

A deep sense of holy awe swept
over everyone, and the apostles
performed many miraculous signs
and wonders -- ACTS 2:43

ABOUT ME

Found an interest in audio/visual when given an oppourtunity as a teenager. Have been involved and striving for excellence in this area ever since.

10 years as a Technology Development manager for Compassion Australia - Australia's 4th Largest Christian Charity

5 years as a Pastor and Chaplain in Greater Sydney

CREATING AWESOME WORSHIP EXPERIENCES

A deep sense of holy awe swept over everyone, and the apostles performed many miraculous signs and wonders -- ACTS 2:43

SHOUT OUT

ROD LONG - Kellyville Church

BEN SCOTT - Campbelltown Church

1960-1970

Communities went from the street to the
lounge room and we lost that street level
community.
We lost Trust

1980 - 1990

Churches responded by starting the
experience as early as the carpark
They needed to build trust

2000 - 2010

Things begin to go online and the
experience extends online
We need to keep building
that trust online.

EXPERIENCE MATTERS

if the feature exist but the user can't get to it it's useless

if the gospel is in the church but the community does not trust the church it's useless
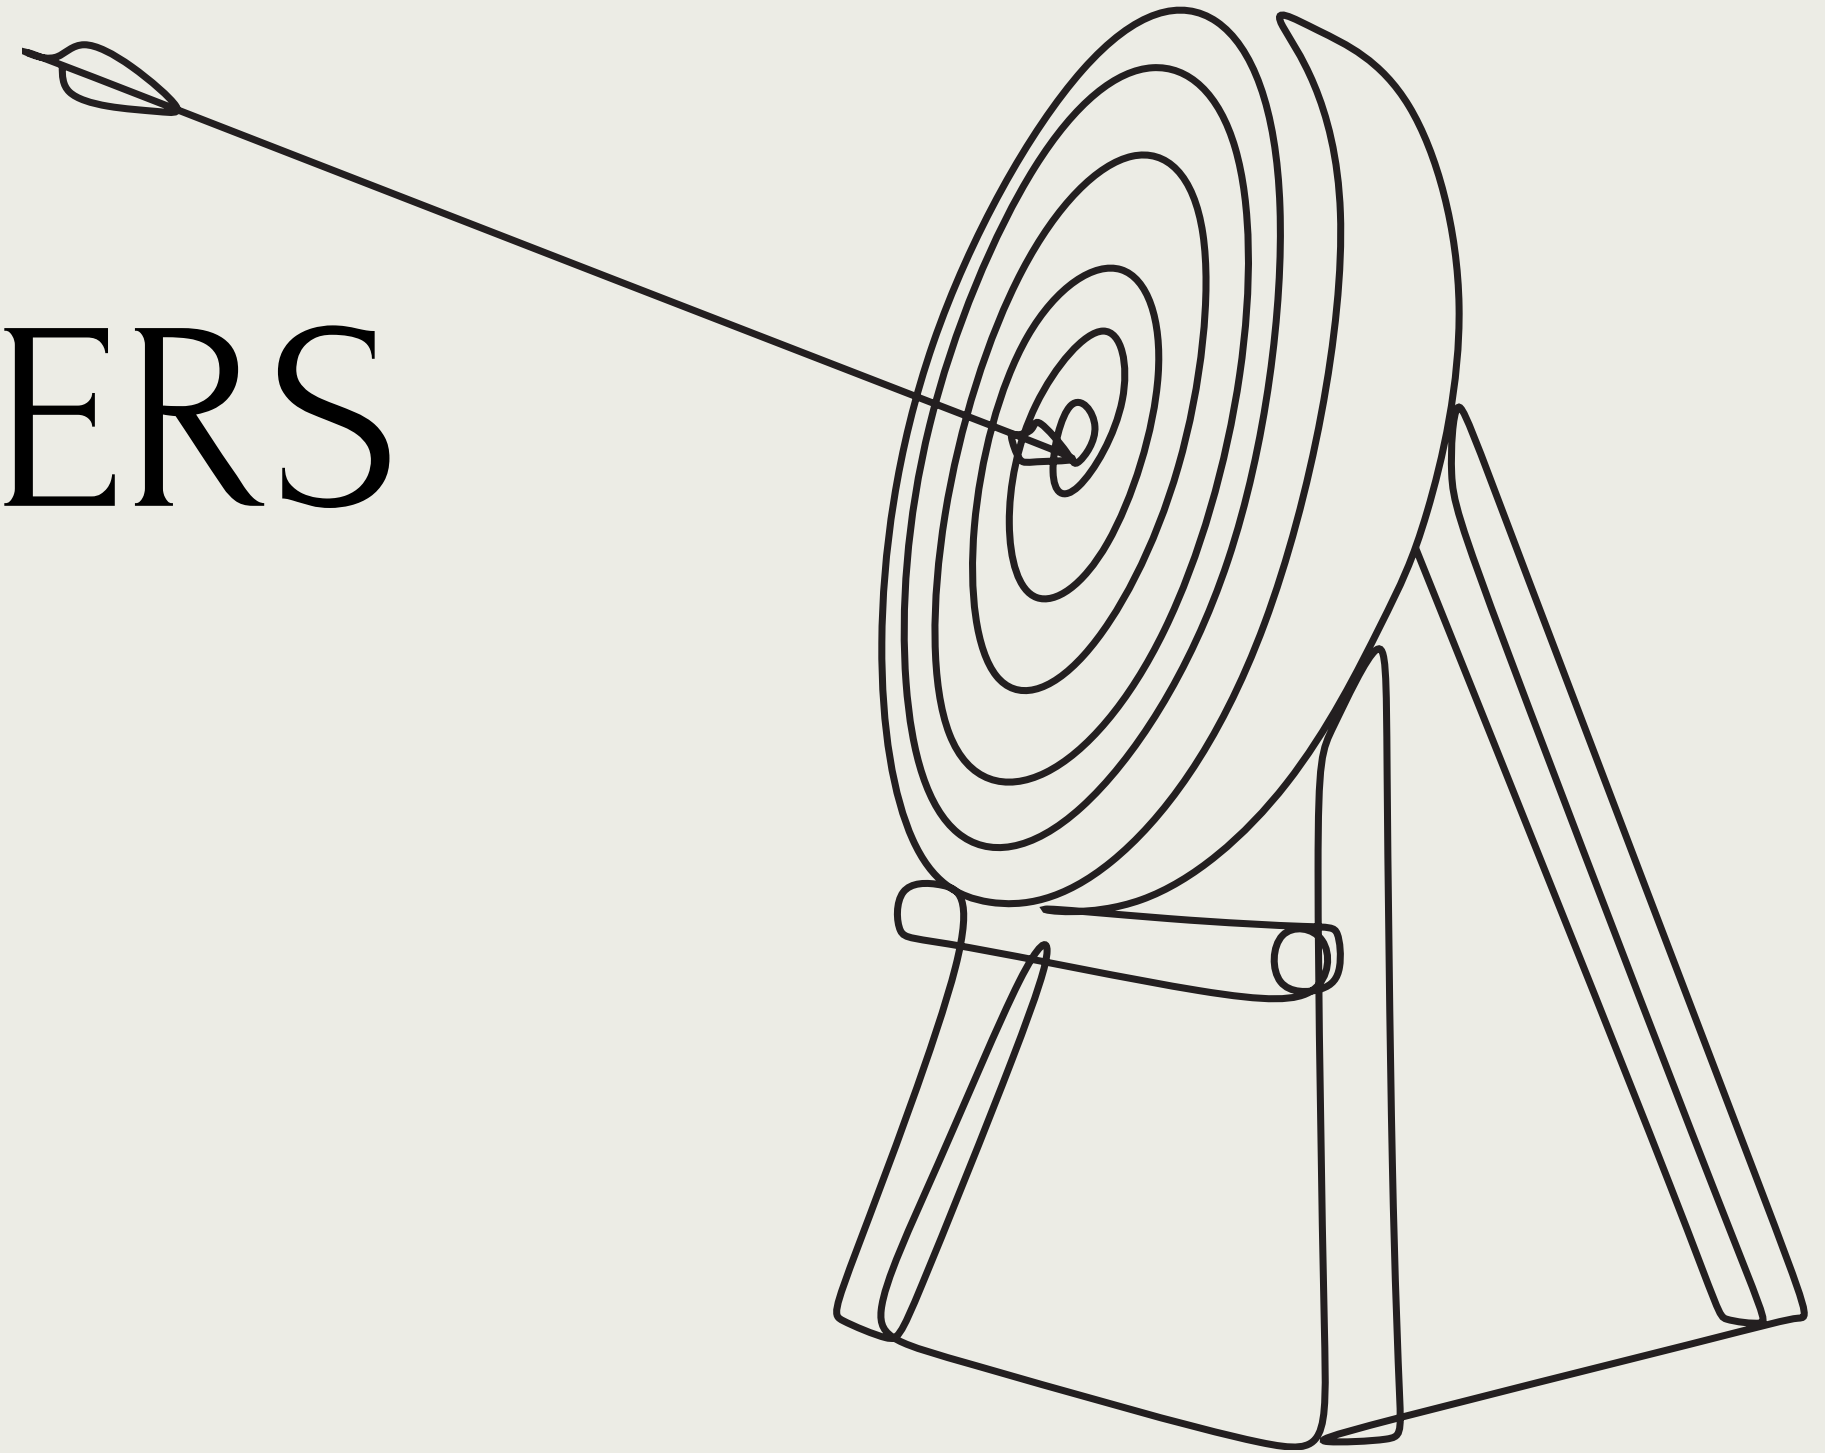

WE JUDGE THE BOOK BY THE COVER

Our subconscience in an effort to protect us will make a descion about people, brands all based on the aesthetic
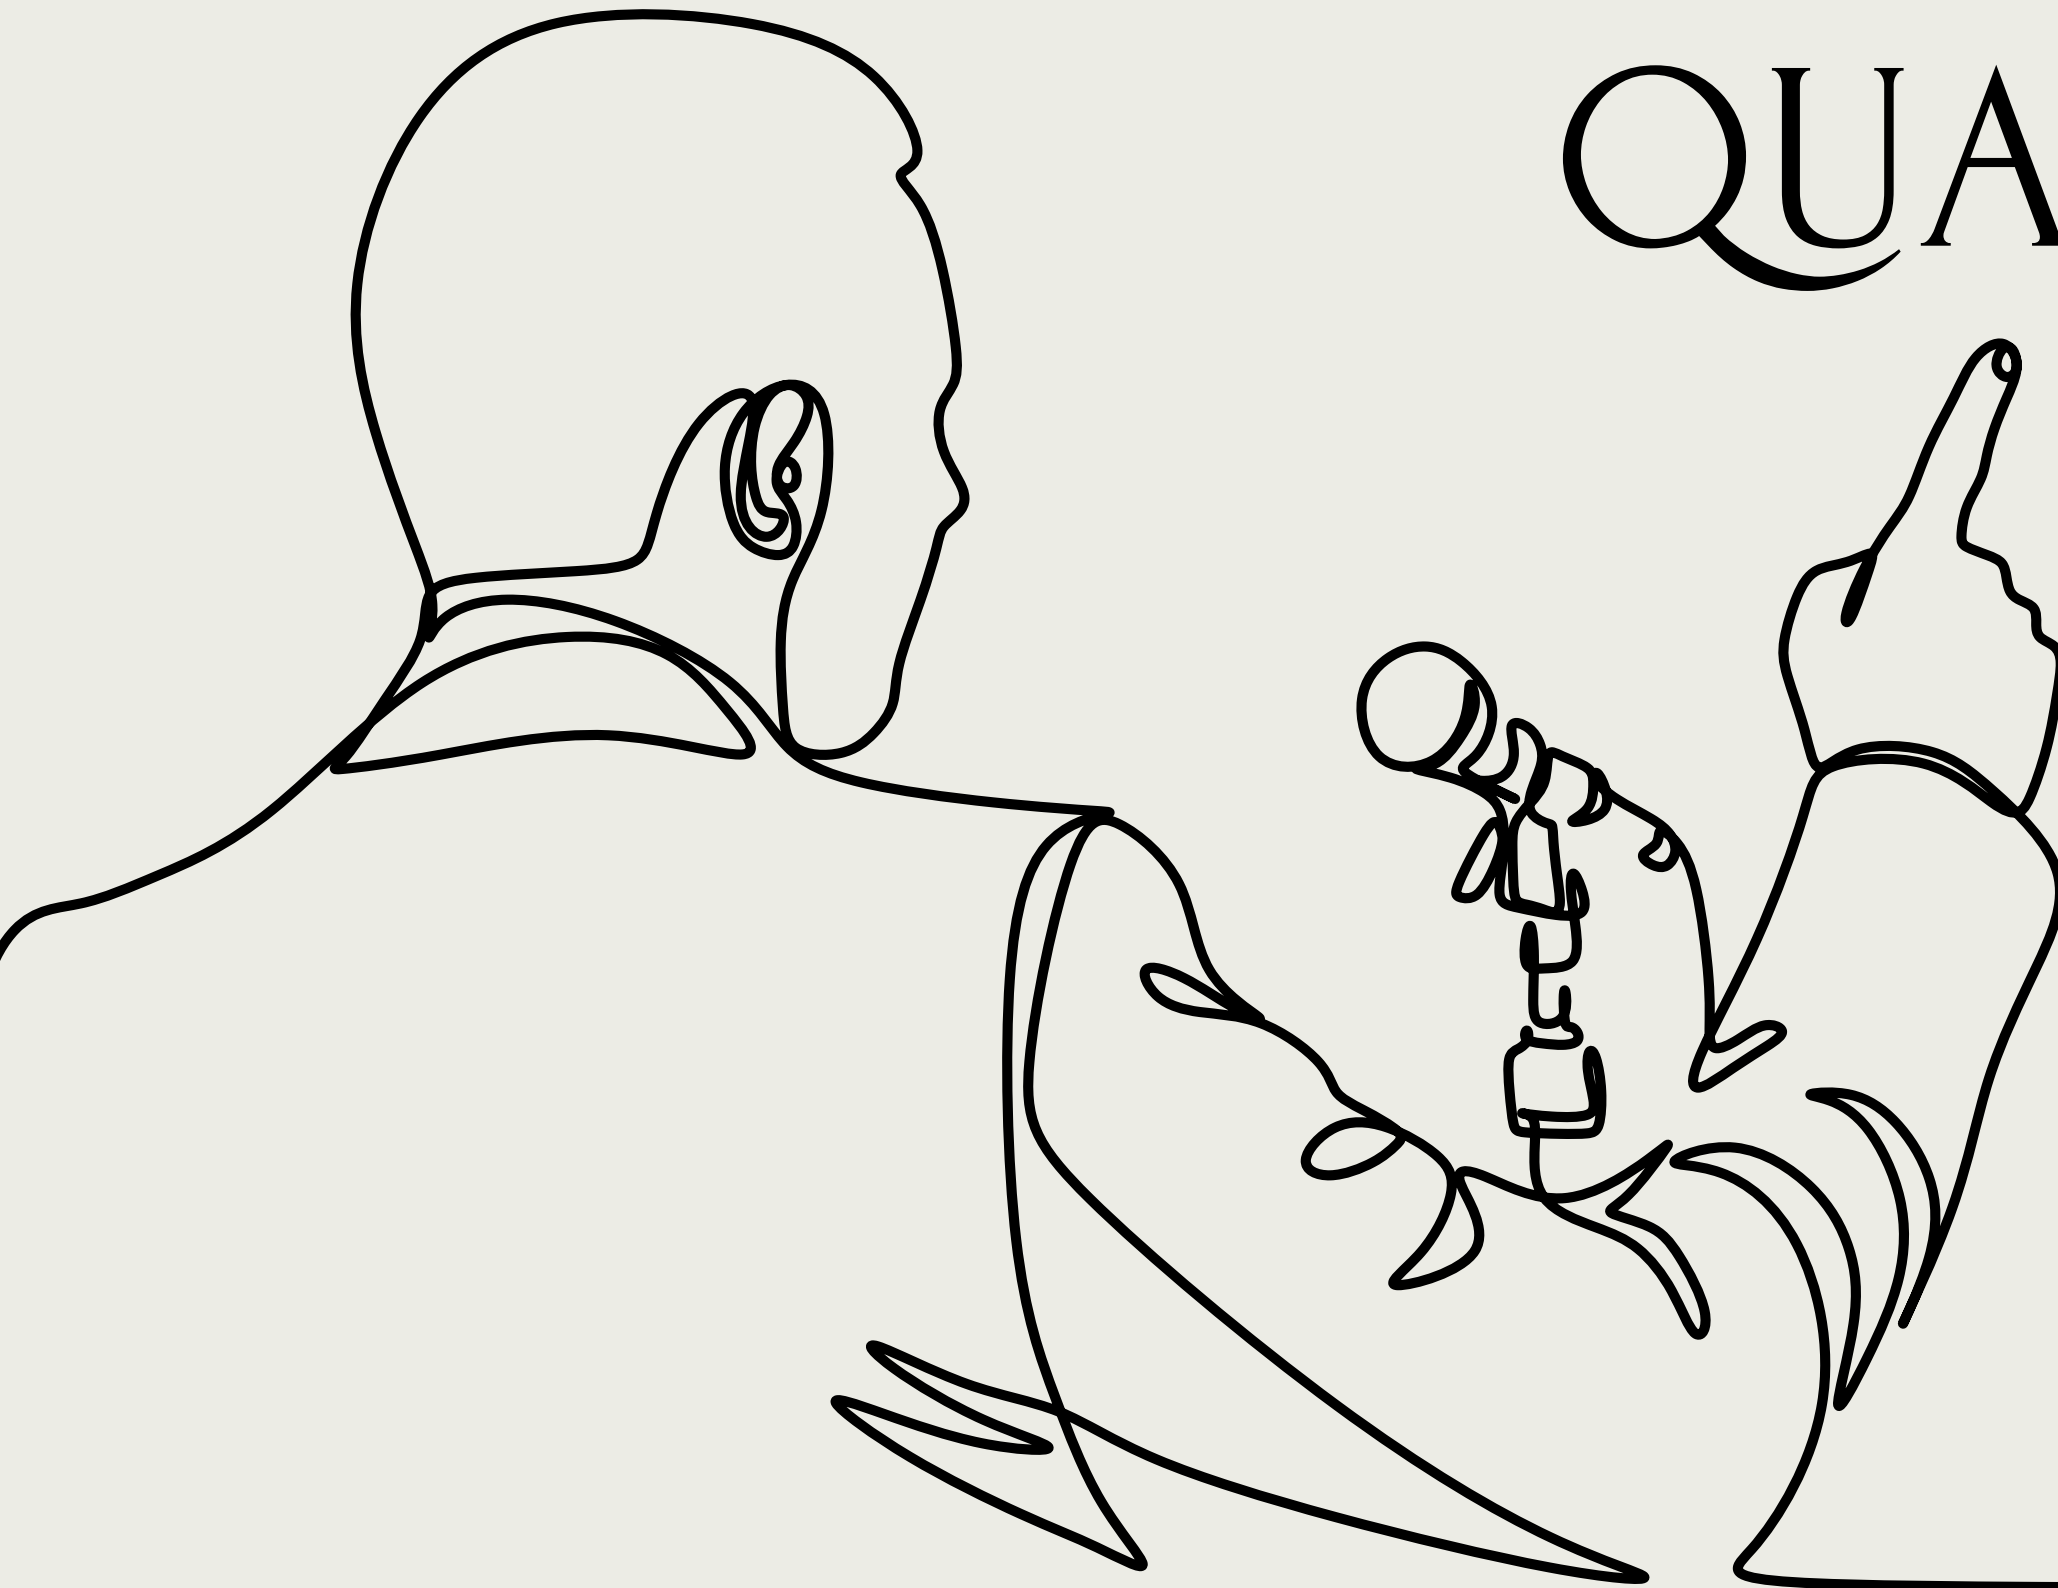

QUALITY MATTERS

Quality of the Content
Quality of the Production
Quality of the Community Building

QUALITY CONTENT

How do we balance between create your own
and sharing what we create with others

QUALITY PRODUCTION

- Interesting Production

- The Emotional Importance of Sound

- Quality of the Community Building

QUALITY COMMUNITY BUILDING

WE MUST BRING PEOPLE INTO COMMUNITY

How do you capture people from inperson online and begin and intentional discipleship journey.

- Building Trust
- Engagement
- Next Steps

WORKSHOP

Come and see the tools that my churhces have used and recommend to create Awesome Worship experiences

- Improving Content
